Polaris Leap

UNTETHER YOUR LIBRARY

The Polaris Leap web client brings the power and functionality of the Polaris ILS public services workflows to library staff through a browser. Polaris Leap can be used on a desktop, a notebook, or a tablet, freeing staff to connect with patrons and complete tasks wherever it is most convenient – even outside the library walls.

Empower library staff

- Web access in any browser on a desktop, notebook, or tablet
- Use at any location outside the library with wi-fi access
- Automatic software upgrades
- Public services workflows
- Circulation and patron services functions
- Permission-based access at all levels
- Reliable, convenient support team

Flexible workflows in an intuitive interface

Patron account management is simple and easy through Leap: register new patrons, update patron profiles, check in, check out, renew items, accept fine payments, and more.

The screenshot shows the Leap web interface for managing a patron's profile. The header includes a navigation bar with 'leap', a search bar, and links for 'New', 'Utilities', 'Help', and 'PolarisExec (OTST)'. Below the header, there are buttons for 'CHECK IN' and 'NEW PATRON'. The main content area displays the profile for 'ADRIANNE ROSE LEONNE' with a profile picture and a '12291954007' ID. A sidebar on the left lists various profile attributes like Email, Address, Phone/Fax, etc. The main form area contains fields for 'Barcode *', 'Registered At *', 'Former Barcode', 'Patron Code *', 'Last Name *', 'Date of Registration', 'First Name *', 'Expiration Date *', 'Middle Name', and 'Birth Date'. A 'SAVE' button is prominently displayed at the top right of the form, along with 'RENEW', 'RESET PASSWORD', 'COPY', 'MERGE', 'DELETE', and 'SECURE' buttons.

Eliminate paper picklists and reduce trips between the stacks and the desk with always up-to-date lists.

The screenshot shows the Leap 'Picklist' interface. At the top, there's a dropdown menu set to 'Red Rock Public Library' and a 'CLOSE' button. Below this, a status bar shows 'Pending (25)', 'Located (0)', 'Unclaimed (19)', 'Unclaimed ILL (4)', and 'Holds to Transfer (0)'. A filter bar includes options like 'Located', 'Ask Me Later', 'Missing', 'Deny', 'Properties', and 'INN-Reach Only'. The main table lists items with columns for 'COLLECTION', 'SHELF LOCATION', 'CALL NUMBER', 'AUTHOR', 'TITLE', 'MATERIAL TYPE', 'PICKUP BRANCH', 'BARCODE', and 'PENDING DATE'. The table contains four rows of data, each with a checkbox in the 'COLLECTION' column.

	COLLECTION	SHELF LOCATION	CALL NUMBER	AUTHOR	TITLE	MATERIAL TYPE	PICKUP BRANCH	BARCODE	PENDING DATE
<input type="checkbox"/>	Adult Fiction		813/.6	Bennett, Brit	The vanishing half	Book	RRPL	399990002342234	8/27/2020
<input type="checkbox"/>	Adult Non-Fiction		641.5 F299c	Fein, Ronnie.	The complete idiot's guide to cooking basics	Book	RRPL	32398004303269	8/14/2020
<input type="checkbox"/>	Adult Non-Fiction		712.6 J77a	Jones, Louisa.	The art of French vegetable gardening	Book	JEFF	32398004374138	8/14/2020
<input type="checkbox"/>	Adult Non-Fiction		797.21	President's Council on	Aqua dynamics :	Book	RRPL	32398002818847	8/14/2020

“I don't think I can express exactly how much of a game changer Leap was. I think about where we were pre-Leap vs. post-Leap, and it's not even comparing apples to apples.”

Executive Director of a public library consortium

“We have received excellent support with Polaris and the Leap web-based interface is an excellent customer service tool.”

IT Administrator, public library
